

SAFE CARE®

Industrial Cleaners, Solvents & Specialty Products

SAFE CARE® *Magic Pan™* Hand Dishwashing Liquid

DESCRIPTION: *SC-Magic Pan™* does not rely on traditional reagent cleaning chemistries but rather the powerful cleaning action of micelle technology: hyperactive sub-molecular particles that churn up soil and gently lift it from the cleaning surface. With this powerful micelle technology, even a small amount of *SC-Magic Pan™* solution will solubilize the toughest food soils, including fats, greases, oils, lipids, proteins and sugars. *SC-Magic Pan™* complies with:

- USEPA Design for the Environment (DfE)
- GSA SIN 375-321
- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing

INSTRUCTIONS: Recommend scraping off heavy food soils before pre-soaking. For best results, use hot water (130° F) with 1 oz. of product per 1 gal. of water and let soak for 10-15 minutes. Apply full strength to a sponge for scrubbing off heavy food waste. Rinse thoroughly with warm water and air dry. Maybe used on oven racks and other cooking items and equipment; use full strength, overnight for easier cleaning.

BASIC PROPERTIES:

Appearance:	Clear, viscous, light yellow liquid
Odor:	Mild detergent
Water Solubility:	100%
Boiling Point:	100.5°C (213°F)
Flash Point:	None
Specific Gravity:	1.030
Relative Density:	Greater than water
pH Range:	8.0 – 8.2

SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics
