

# SAFE CARE®

Industrial Cleaners, Solvents & Specialty Products

## SC-Magic Pan Hand Dishwashing Liquid

**DESCRIPTION:** **SC-Magic Pan** does not rely on traditional reagent cleaning chemistries but rather the powerful cleaning action of micelle technology: hyperactive sub-molecular particles that churn up soil and gently lift it from the cleaning surface. With this powerful micelle technology, even a small amount of **SC-Magic Pan** solution will solubilize the toughest food soils, including fats, greases, oils, lipids, proteins and sugars. **SC-Magic Pan** complies with:

- USDA BioPreferred® Program
- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing

**INSTRUCTIONS:** Recommend scraping off heavy food soils before pre-soaking. For best results, use hot water (130° F) with 1 oz. of product per 1 gal. of water and let soak for 10-15 minutes. Apply full strength to a sponge for scrubbing off heavy food waste. Rinse thoroughly with warm water and air dry. Maybe used on oven racks and other cooking items and equipment; use full strength, overnight for easier cleaning.

### SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

### SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics

### BASIC PROPERTIES:

Appearance:	Clear, amber liquid
Odor:	Mild surfactant
Water Solubility:	100% Soluble
Boiling Point:	100°C (212°F)
Flash Point:	None
Specific Gravity:	~1.03 @60/60°F
pH Range:	7.0 – 8.0

The information contained herein is believed to be correct including test data conducted under controlled laboratory conditions. Users of **SAFE CARE** products should perform their own test(s) to determine the suitability of the product for their specific application(s).
